

## Fantastic journeys to the most mysterious sites on earth –

bestselling author Hartwig Hausdorf takes us to locations where curious events have taken place and areas where mysterious artefacts have been found: the legendary pyramids of an extinct tribe in China, sites where people have been kidnapped by UFOs in front of witnesses' very eyes, locations where the laws of physics are apparently suspended. He takes his readers to the interface of an alternative reality and offers insider tips for anyone who is keen to set out in quest of evidence of the seemingly inconceivable.

→ Mysterious discoveries and incredible facts: the bestselling author takes us to the frontiers of reality.
